

Native Series

Peace of mind.
Peace and **quiet.**

Contemporary **Timber Look** Doors for Your Home.

Gliderol Native Series

Designed to add that premium feel to standard Sectional Doors, Gliderol's Native Series offer a modern style to compliment your home and give your garage door a natural, timber look finish without the price tag, hassle and maintenance of real timber.

Combined with all the benefits of a traditional Sectional Door, the Gliderol Native Series adds the finishing touch to your home.

For the look of real timber, **without the price tag or maintenance.**

Key Features and Benefits

- Made from Colorbond® Steel but designed to look like real timber
- A more affordable alternative than real timber
- Strength and quality in design
- Hard wearing and high performance
- No resealing or ongoing maintenance like real timber

Choosing your Gliderol Native Series door is easy:

1. Pick your door style

Gliderol Native Series doors are available in two design options, the Madison and the Tuscan, in both single and double door sizes.

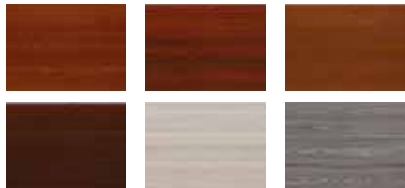

Madison

Tuscan

2. Select your colour

With 6 premium timber look finishes to choose from, you're certain to find a colour that best suits your home.

3. Contact Gliderol

Contact Gliderol and request a free measure and quote, and then let us do the rest!

Pick your **door style.**

Madison

Classic, clean and complimentary

The Madison design uses clean, sharp lines and a textured finish to perfectly blend with rendered homes. The Madison is the right choice if you are looking for a door to blend with and compliment the façade of your home.

Tuscan

Modern and contemporary

The Tuscan design creates a timber planked style door that is built with low maintenance Colorbond® steel. Horizontal “V” grooves create a sleek and contemporary look, providing the perfect design for modern homes.

Select your colour.

With 6 premium timber look finishes to choose from, you're certain to find a colour that best suits your home.

G+ Adaptable
for extra
convenience.

All Gliderol residential operators are G+ adaptable. G+ is a smart, innovative home access system from Gainsborough that allows you to control your home the way that suits your lifestyle.

With one discrete, simple G+ key, a click of a button can turn off your alarm and open or close your garage door.

The same G+ key can also unlock your door to give access into your home. G+ lessens the need to have a keyring full of keys and remotes; the G+ key is simply easier and more suited for today's busy lifestyle. The modern technology of Gainsborough's G+ Access System provides

security and convenience both when arriving home and leaving. The G+ Access System can be designed to suit the way you live; opening and closing your garage door, turning on and off the lights in your home, disarming the alarm, opening and closing your gates and much more.

For further information on the Gainsborough G+ Access System go to: **www.mygplus.com.au**

Take the next
step in style with
